

Shape Workshop

A hands-on book for curious little makers

Point · Trace · Sort · Make

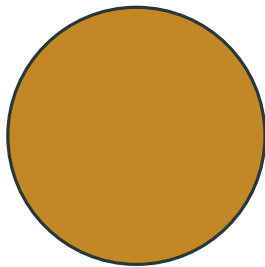

This book belongs to: _____

For children around ages 4 to 6. Reading is not required. An adult stays nearby for cutting and sticking.

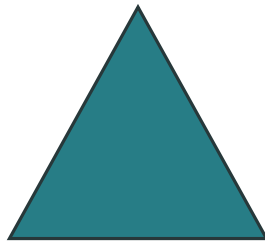

Meet the shapes

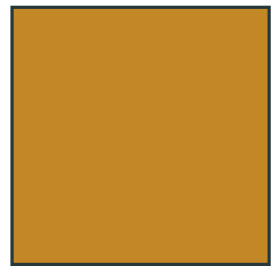

Look at the three shapes. Point to one you already know.

CIRCLE

TRIANGLE

SQUARE

- 1 Point to each shape. Say its name, or show it with your finger.

A shape can be big or small. Turn the page and look for shapes around you.

Find the circles

Find every circle. Draw one big loop around each circle.
